Subject: Interview with Autopsy Pathologists

Mr. Smoluk, I understand the ARRB recently interviewed the autopsy doctors. Is the transcript of that interview available? Is there a possibility the Board could interview them again? I ask this because, not having seen the transcript of the first interview yet, I wonder if they were asked about some of the more troubling aspects of the autopsy materials, such as the highly suspect 6.5 mm fragment which now appears in the radiographs. On a somewhat related note, many of the recently released HSCA transcripts of interviews with medical witnesses definitely appear to have been altered. A summary of some of the indications of alteration is presented in Harrison Livingstone's 1995 book *KILLING KENNEDY AND THE HOAX OF THE CENTURY*, pp. 273-274, 339. I would suggest that the Board study this issue. I believe the evidence is fairly clear that a number of the transcripts were tampered with. Then, the Board could interview those persons who were responsible for the preparation of the transcripts in question. If necessary, the original interviewed witnesses could be reinterviewed and asked about the same issues discussed in the transcripts. Finally, if there is an automatic ARRB distro to which interested citizens can subscribe, how might I go about signing up for it? I thank you for your time. Mike Griffith -----Michael T. Griffith. Check out my JFK web page at the following URL: http://ourworld.compuserve.com/homepages/MGriffith_2. "Only a virtuous people are capable of freedom. As nations become corrupt and vicious, they have more need of masters." -- Benjamin Franklin "Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other." -- John Adams-----
