Subject: Re: Interview with Autopsy Pathologists

Mr. Smoluk,>I will pass along the information that you have provided regarding HSCA >transcripts of interviews with medical witnesses to the appropriate staff >person for review.>It just occurred to me that the transcripts were based on taperecordings of the interviews. Thus, presumably, the easiest wayto determine the accuracy of the transcripts in question would be tocompare them with the original interview tapes. Have those tapesbeen released? If not, are they under consideration for release?If you were to examine the suspect transcripts, I think you wouldagree they appear to have been tampered with. I'd have to go backand check the exact number, but I believe we're talking about four toeight transcripts. Thank you for your time.Mike Griffith -
