**Subject:** "Enhanced" Information Packets

I wanted to get this thought to you while I was thinking of it. I am scheduled to go with the Board to a conference in San Diego in late August. Then, as you know, we will have the LA hearing. I wanted to pursue again if we could do some type of folders for the information packets with our seal on them. I don't want to spend a lot of money and I would be happy with getting the seal on a label that could be stuck on the folders we have. Please see if Chet or Tracy have any thoughts. At any rate, please keep in mind that in the next six weeks we are going to need at least 100 info packets. Thanks.
