Subject: Correction of May FRN
Somehow or other (I haven't been able to reconstruct quite how, except that I'm sure it's my fault) two NARA-WC documents ("179s") were referenced in the FRN for the May meeting as consent releases which were neither consent releases nor before the Board at all that meeting (one of the two was subsequently cleared as a Green document at the July meeting; the other one has never been before the Board or put in the Consent database). There will thus need to be a FRN correction done for these errors. Kevin told me I should work on the language w/you, and then give the approved language to him. The error was caught thanks to Tom's sharp eye in connection with our getting the May documents out to NARA today. Let me know when you want to talk about the specifics.
