Subject: Request

Mr. Samoluk, I understand there are certain released documents which the Board will send to anyone who requests them. I would like to request whatever documents are available for immediate free acquisition. Also, I am especially interested in obtaining any documents relating to the planning and protection of the motorcade, particularly on the part of the Secret Service and White House advance man Jerry Bruno. Bruno was interviewed at length by the HSCA, and I would be intensely interested in the transcript of that interview, as well as any previously sealed HSCA interviews of Secret Service personnel connected to the motorcade in any way. If some or all of these documents involve a cost for reproduction and mailing, I would be more than happy to immediately reimburse the Board for such costs. If you're set up to take credit cards, I can give you my Visa or MasterCard number. But, if these documents can only be obtained from the National Archives, I will attempt to obtain them from the Archives (though this is a little bit of a process for me since I'm stationed in England right now). My postal mailing address is: PSC 45, Box 1295 APO AE 09468 As you probably know, this is a valid U.S. mailing address and takes regular American postage. Allow me to thank you again for the documents you've already sent me. I do appreciate it. You have been most helpful. A few months ago I raised the issue of the destruction of the military intelligence file on Oswald. You replied that this was being investigated by the appropriate staff personnel. Would you be so kind as to tell me if there has been any progress on this issue? As always, I thank you for your valuable time and wish you and the Board great success in your important efforts. Sincerely, Mike Griffith -----Michael T. Griffith. Check out my JFK web page at the following URL: http://ourworld.compuserve.com/homepages/MGriffith_2.
