Subject: Floyd Boring Called Doug Horne

CALL REPORT: PUBLICDocument's Author: Douglas Horne/ARRB Date Created: 09/19/96 The Players Description of the Call Date: 09/19/96Subject: Floyd Boring Called Doug HorneSummary of the Call:Mr. Boring called me at about 9:30 A. M. this date, and said he wished to make a correction of, and retract, something he said yesterday during his interview. He said that upon further consideration, it could simply "not be" that the skull bone-and-brain fragment he told us about had come from the back of the follow-up car, and that therefore it must have been seen in the back seat of the President's limousine, and not the follow-up car. He said that his stroke may perhaps have had something to do with his error. He then stated that he only checked one weapon--the AR 15--but reiterated that it had not been fired. I followed up by asking him whether weapons checks had been done on all of the agents in Dallas who had been in the motorcade, and he said he did not know. After I assured him I would place his retraction on record, he terminated the phone call. END
