**Subject:** Compliance Letter (Revised Draft)

To Team Leaders--I just sent you a revised draft of the model compliance letter. Therefore, please disregard the prior draft that Cathy e-mailed to you. Please note that the model letter may be revised further in the next few days after general inputs and/or inputs from Board Members. While you may want to start preparing your agency-specific draft, keep in mind that this version of the model may not be the "absolute final."--Ron
