Subject: Richard Barnes Deed of Gift

Laura: Mr. Richard Barnes is a former Associated Press reporter and now a Washington, D.C. attorney. Last year, he contacted us about original Associate Press wire copy from November 22-25, 1963 that he had saved and was still in his possession. Initially, he had approached us about the possibility of donating the original wire copy to the JFK Collection. I reviewed the original copy at our offices, but he took it with him after our meeting. He did leave a complete copy of the wire copy for our perusal (and we still have it). This week, he decided to donate the copy to the Collection. Although not as good as having the original, the information contained on the copy is the same as the original and a valuable contribution. My request to you is that you draft a Deed of Gift for the donation. There are no special provisions required by Barnes. Thus, the Deed of Gift can be the basic one that you have used in the past. Here is the information that I believe you need: Name of Donor Richard Barnes Description of Donation A copy of Associate Press wire copy from November 22 to November 25, 1963 that contains reports on the assassination of President John F. Kennedy, the subsequent investigation, the shooting of Lee Harvey Oswald and the funeral of President Kennedy. When you have a draft ready, I will share it with Barnes. There is no rush on it. We will probably not do a news release and get the wire copy to the Archives for a few weeks. Thanks for your help. Tom
