Subject:	Pending Press Releases
Body:	Nagell: Joan has informed me that the USSS has delivered the Nagell file to NARA and it now has a RIF number. Russo: I picked up the audio tapes Friday. Dave has them now and has prepared a list which you should have received via E-mail. Considering the number and length of the tapes, your participation in gleaning the newsy stuff will be appreciated. I am doubtful when can provide the material to AP by Thursday. I have alerted AP's Ken Herrera about that and he says it doesn't really matter.Zapruder: C-Span will not decide until tomorrow, probably PM, whether to cover the Review Board hearing. I believe that AP will be here along with some other media. Fox and CNN are strong possibilities. AP Interview: AP has decided to cover the Review Board in a big way. They would like Jack to call as quickly after the open meeting as possible to do a live, network interview. Then they will tape him for use on hourly updates and the longer four minute piece which would not be broadcast until next week.Rankin Papers: Eric and I have gleaned a stack of documents from the Rankin papers. It is interesting stuff. I have started work on the press release. I haven't seen Rankin's diary and the meeting notes suggested by Jeremy, but I feel we have enough in hand to justify a press release.AP Wire Copy Donation: I'll get to that as soon as I put these other releases to bed. We had planned to let this one simmer a bit longer to get away from the proximity to the wire copy auctions. I also have a column to write for Jack after the Zapruder hearing.Warm regards,Thom
