stopped by to drop off copies of the AARC Quarterly. Some of the things he wanted to "leave me with" are:1. He is aware that the Board has set up a system in which it contacts former HSCA staffers to find out if they have kept records from their time working on the Committee staff. He never received a letter from the Review Board about this. He also said he does not think that Al Lewis and "those guys" in Pennsylvania ever received a letter from us. He said Lewis definitely took materials with him.2. He thinks the Board should look into the issue of the original Nix film (where is it, who had it last.) He implied that historically the Board would be looked at by some in a negative way if this were not pursued.
