**Subject:** update -- subpoenas to Lardner

Cathy gathered the subpoenas and I gave them to Jeremy for his review. I checked a little while later with him to see if they were "ok" to go to Lardner. He had not looked at them at that point and said they definitely were not going out tonight. I asked if they would be ready to go tomorrow and he said he assumes so. I let him know that Lardner was expecting them and that we were anxious to comply with his request. I'll let you know the status tomorrow.
