Subject: McCloy memo article in Newsday

John Judge called and told me that he heard from Cyril Wecht that an article ran in Newsday about McCloy and his WC report edits. Judge asked if there was a release about this information. I said that this material was included in the Rankin collection, and continued to say (vaguely) that this reporter is interested in the assassination, and was particularly interested in the materials in the Rankin collection. I told Judge I would fax him a copy of the McCloy memo. I will also call Dorman to get a copy of the article.
