Subject: Shaw materials to NARA
CALL REPORTDocument's Author: Eileen Sullivan/ARRB Date Created: 09/10/97 The Players Description of the Call Date: 09/10/97Subject: transfer of Clay Shaw's personal papers to the JFK CollectionSummary of the Call:11:00 -- I spoke with Mr. Swerczek who had heard from Steve Tilley about our request to have these materials transferred to the JFK Collection by NARA.He has "put in a requisition" for the pick up and told me that I should receive a call in the near future from a NARA representative letting me know when the materials will be picked up. I explained to him that there is a small window within which these materials have to be transferred. I told him that the earliest they can leave our office is the morning of Sept. 16th. and that on the 18th, we plan to issue a release stating that these documents are available in the JFK Collection, thus they must be there before then. He understood and did not think there would be any problem setting a time time with NARA that is good for us. He said these requests are fulfilled by the downtown office, which is near ARRB offices, and that these transfers are routine and there should be no problem.I asked if it would make things easier if I were to call directly the person(s) who will be handling the actual transfer. He said that is not necessary and that it is standard procedure for that person to call me. I will, however, call Swerczek if I do not hear anything by COB Thurs.
