Subject: Audio Tapes For Donation to the JFK Collection

Here is the response I got from Lifton last night regarding his donation of audio tapes. To: Tom_Samoluk @ jfk-arrb.govcc: (bcc: Tom Samoluk/ARRB) From: DLifton @ compuserve.com @ INTERNET @ INTERLIANT Date: 09/16/97 07:05:52 PM AST Subject: Audio Tapes For Donation to the JFK Collection Tom: I'll get on this immediately. Its been near the top of my To Do list for months, but other things keep dominating my life. The person's name is Pat Valentino---and he has been the one who handled getting dupe video tapes to the ARRB very promptly when it was needed, in the case of Floyd Reibe, and just recently, certain audio, in the case of James Sibert. I'll check with him tonight. I know he worked out a draft, and I just don't remember whether it was emailed or not (I gather it was not). BTW: I don't know if I mentioned this, but for any of this work to be done, I have to take my SONY recorder on which these tapes were made---a machine identical to the one that Nixon used to tape the conversations in the White House---and get SONY to make it operable. I found out about 3 months ago that it simply doesn't work, but I called SONY and they informed me that they can bring it back, but I have to bring the machine to their Burbank location. I just haven't done that yet. Phone estimate was \$70. The key here is that some of the conversations, as I recall, were at 1-7/8 ips. Anyway, the result will be very nice DAT transfers. I'll check with Pat, and get back to you pronto. Best, David
