Subject: Interview of Peter C. Glynn, Jr.

Body: I spoke with Mr. Glynn today and he agreed to a tape-recorded interview at his home on November 12, 1997 (a Wednesday). Our "show time" window is 9:30-10:00 A.M.I told him we would be bringing the HSCA Interview Report written by Mr. Moriarity so that he could refresh his recollection, and also comment on its accuracy. He said that he was very interested in reading it, and was going to ask to do just that, if I had not volunteered it.I told him we were primarily interested in locating records, and in hearing his recommendations on how they were created, by whom, etc. so taht we would know where in the government to look for records documenting the activities he mentioned in his interview with the HSCA.
