Subject:	Agency Heads
Body:	Congratulations! Each of you is responsible for one or more agencies. I would like to collect your best reasonable estimate of the number of assassination records from your agencies that are awaiting Board Review. By this I mean to include only records that have already been identified as "assassination records" and are being processed either by the agency or are here in our offices awaiting action. (I am not asking for estimates on "requests for additional information and records" that we have made to the agencies nor am I asking for estimates on the numbers of assassination records that ultimately may be found at agencies.) With the exception of CIA proper and FBI proper, would you please provide your best estimate of the following as well as your candid assessment of the quality of your estimate (e.g., "accurate," "reasonably confident estimate," "just a guess"):1. Number of assassination records from your agency at ARRB awaiting ARRB staff review _____. Quality of the estimate _____.2. Number of records that have been identified as "assassination records" that are not yet at ARRB but that are being processed by the agency before being forwarded to ARRB _____.Quality of the estimate _____.3. Any additional information that you have that will clarify or explain your answers to the questions above.Please do your best to get this information to me by Wednesday morning (October 8) and be sure to route your responses through Michelle as appropriate.
