Subject: Letters to CIA and FBI

As we have discussed, I would like to send letters to CIA and FBI that state that the Board seeks to ensure that all "assassination records" have been reviewed by the Board and are at NARA by September 30, 1998. By "all" we mean "all," although we are not insisting that duplicates be completed by that time. We want to ensure that both agencies understand our firm commitment to that goal and that they are allocating sufficient resources to accomplish that goal. We also need to review the records on a systematic basis so that the ARRB staff has sufficient time to process them. The last recourse that we will take, but one that we will take, is to release records without redactions if that is necessary to accomplish the goal. The agencies need to be working on a timetable that permits us to accomplish this goal in an orderly manner. Please coordinate your efforts in drafting. I would like to give the Board drafts of those letters at 9:00 on Tuesday morning. Could you please try to complete a draft (and disk) and deliver it to my home by Friday COB (or Saturday morning). I will edit them over the holiday weekend.
