Subject: Status of Church Committee Records
CALL REPORTDocument's Author: Ron Haron/ARRB Date Created: 11/17/97 The Players Description of the Call Date: 11/17/97Subject: Status of Church Committee RecordsSummary of the Call:Jim Wolfe called this morning in response to my two messages from last week. This is the status regarding the Church Committee records:1. Wolfe promises to send us the so-called "classified annex" to the Church Committee's JFK Collection. This consists of 8 binder notebooks, according to Wolfe, that show what has been redacted by the Committee. I asked that we get this material this week. Wolfe says that he has to get authorization from Taylor Lawrence, who will not be in the office until later this week.2. Wolfe says he is beginning to copy transcripts.3. Wolfe says that the only finding aid is a log of all incoming materials for the Senate Intelligence Committee. This is what he uses to locate transcripts from the Church hearings. He says he knows of no other index or finding aid for Church Committee materials.
