Subject: Zapruder-Type Bell and Howell Camera and Film
Tom, Rollie Zavada's box containing one B & H camera, film, practice film (for threading and operating practice), and a test plan arrived Friday and is in my office. Between the Board Meeting today, and tomorrow's press events, I don't know when you will have time to inspect and evaluate these materials, but they are available to you now, in case you want to take the box back to your hotel tonight for familiarization. If it is grossly inconvenient (or impossible) for you to do this film test in Dallas, then as I see it we have two options:-I could do it, if someone wanted to fund a one-day trip;-We could pay for Rollie Zavada himself to do it, but he cannot go until the first week in December. Let me know...
