Subject:	USAOSD/Alpha-66 document release
Body:	CALL REPORT: PUBLICDocument's Author: Manuel Legaspi/ARRB Date Created: 11/19/97 The Players Who initiated the call? Review Board's representative in the call: Manuel LegaspiWitnesses/Consultants's representative in the call: Gaeton FonziDescription of the Call Date: 11/19/97Subject: USAOSD/Alpha-66 document releaseSummary of the Call:I called Mr. Gaeton Fonzi at his home in the Miami area at 1515 to ask him for his assistance with an issue that arose as a result of the release of an Army document that dealt with Alpha-66. He was, as always, very polite and willing to help. Our discussion went as follows:1. I informed him that we had released one document which identified an American (Jordan James PFUNTNER who had contacted the US Army on behalf of Alpha-66, seeking support for paramilitary and intelligence operations against Cuba. 2. Fonzi indicated that he was not familiar with the name, but that he would have to see the document to really comment on it. 3. At my prompting, he stated that he had felt stonewalled a bit by DoD and U.S. military intelligence commands during his investigation, as they did not allow access to G-2 files when requested by the HSCA.4. He again said that he would have to examine the document before commenting, but if we faxed him a copy he would run it past Antonio VECIANA and Eloy Gutierrez MENOYO to see if PFUNTNER's name rang a bell with them.5. I agreed to fax the document to him and asked him to call us (collect) if he acquired any info that might be helpful.ENDDon't forget to compose individual Action Item documents for any action items that resulted from the call!
