**Subject:** Re: Miscellaneous

Tom:I had already commented to Jeremy that Weiner had not mentioned us. I guess she thinks that he aims to create the impression that he has a special cache of sources no one else has. If I see him I will make my complaint. I will look forward to seeing your nephew next time I am on the Columbia campus. Believe it or don't, I was on the campus last week doing "research" on the two articles I am writing at the moment for the new Dictionary of American Biography supplement: I.I. Rabi, the Nobel Laureate in Physics, long-standing friend of mine at Columbia, and Satchel Paige, whom I saw pitch in the Negro National League when I was a boy. Neither would ever have heard of the other! I will send you a copy of my review of the Johnson and Kennedy books as soon as it is published. All the best for Thanksgiving. See you shortly. H
