This record was originally classified as CONFIDENTIAL and contained FBI equities. I passed this on to Debbie Beatty at the FBI, who then returned it, however, I have been unable to locate the document up until this time. - 10135. NSA has no record of delivery to ARRB, search of safe conducted w/negative results.- 10201. NSA staff indicated that this record was passed to Michelle Combs.- 10216. NSA states delivery to ARRB 13 MAR 97, search of safe conducted w/negative results, (However, this record is UNCLASSIFIED and therefore might have been handled outside of normal channels by former ARRB staff.)- 10242. NSA states delivery to ARRB 13 MAR 97, search of safe conducted w/negative results, (However, this record is UNCLASSIFIED and therefore might have been handled outside of normal channels by former ARRB staff.)NOTES:- "Greased" copies of the records awaiting delivery to NARA are still being prepared by our NSA POC.- I have set up a meeting with Jim Claxton at DIA on 30 DEC 97 at 1000 in order to review the two DIA records.- Doug Horne has indicated that he has extended an invitation to the USAF to attend a declassification session, presumably the one to be held in February. I believe that that meeting might be the best time to deal with the USAF equities in 8 of the records. - Due to holiday leave schedule conflicts, I am planning to discuss the 5 consultation/negotiation documents with NSA staff at the beginning of the new year, with the aim of completing negotiations two weeks before the 21-22 JAN 97 Board meeting in DC.
