**Subject:** Recorder ready---says SONY  
Tom:This afternoon, got a message on my answering machine, that the recorder is ready to be picked up.No mention of price, but I'm most curious to see what it is, since the machine is just under 30 yrs old.Will try to pick it up either tomorrow or the first business day they are open after Jan 1; and verify that it is working properly, and then we can get moving on getting it and the tapes to Valeninto, and onward with the copying.I will let you know when I get the machine.David
