Subject: Initial contact from LOC

CALL REPORTDocument's Author: Jeremy Gunn/ARRB Date Created: 01/15/98 The Players Description of the Call Date: 01/15/98Subject: Initial contact from LOCSummary of the Call:Elizabeth Pugh, who just became GC at the LOC, called today and apologized for the LOC's having failed to respond to our inquiries. She said that there will be a meeting at 12:30 today to try to address the outstanding issues. I thanked her for her call and said that we look forward to working with her.She raised the issue of CRS records being congressional records and perhaps not coming within the scope. I said first, such records are included in the JFK Act, and second, congressional committees are responding to our requests and that Burton had sent a letter encouraging the SSCI to cooperate. She asked if I would send her a copy of that letter, which I have since done.I said that we are negotiating to obtain copies of CBS materials for the collection, but that CBS wanted to know what it already has given to the LOC. I asked her to promptly find out what the LOC has from CBS. I followed up on this request with a fax to Pugh and asked that whoever has the answer to the CBS question contact Tom Samoluk.
