**Subject:** Peter  
Please give Peter access to the necessary drives, passwords, etc. to fulfill his new job responsibilities. I believe this includes supervisor password, access to g: drive, accesses to databases to do fedreg notices and meeting manager, and anything else that you can think of. If you don't get a response to this from Jeremy by Sunday when you're in the office, please assume that this is ok to do. Thanks.
