Cathy:For your purposes and mine, I thought I would jot down some of the basic things that we should be looking for to determine if they are assassination related. Key general points:1. direct or indirect reference to the assassination2. direct or indirect reference to any plots relative to the Kennedys or associates3. reference to known organized crime figures, such as Carlos Marcello, Santos Trafficante, Johnny Roselli4. references to Cuba or Cuban exiles5. references to other figures whose name have been mentioned in connection with the history surrounding the assassination of President Kennedy such as General Edwin Walker, jimmy Hoffa or Joseph Militeer, but not limited to them6. reference to any of the prime players in the assassination history, such as Jack Ruby, but not limited to him 7. any of the above references would clearly be of greater significance the closer in time they were to the assassination8. any of the above references would clearly be of greater significance if they were mentioned in connection with Dallas or New Orleans, but not to the exclusion of other citiesPlease do not hesitate to add or your thoughts or ask any questions, if you have any.Thanks.Tom
