**Subject:** Reserving Copy Machine Monday-Wednesday  
Jim and I are behind in preparing for the declassification session next Wed, Thur and Fri., Feb 4-6, inclusive, because of the plethora of conflicting copying projects that have once again created conflicts for use of the limited resource of the large copier. On Monday, Tuesday and Wednesday, it's OUR TIME; unless you have to copy classified material, please use the small copier near Christina's desk Monday-Wednesday (unless you approach the large machine and see we are not on it at that time). Thanks.
