Subject: documentary update

Dear Board Members:I am writing with an update on the documentary for the History Channel. Indigo Films will be filming the open meeting that is scheduled for June 4 at 1:30. There is also a possibility that Indigo Films will have a crew in New Orleans on June 2 to film the transfer of the Garrison investigative files to the ARRB. Indigo Films has contacted a television station in New Orleans that will provide footage in the event it cannot assemble a crew. Please do not hesitate to contact me or Jeremy if you have any questions. Eileen
