Subject: Updated Mail Address and Home Page
Sorry for the non-personal nature of this note, but it is a mass mailing, so you are all receiving the same
info:My new mail address is posner@posner.comMy new HomePage is <http://www.posner.com> (it is much
improved over the shorter compuserve site, and will be getting better during the next few months).I will be
using Compuserve and MSN very sporadically, and eventually leaving those services, so keep this info
current.Gerald Posner
