**Subject:** ARRB updates

Dear Eileen, Please add me to your email list for receiving ARRB updates, as well as sending a paper copy. My regular address is: Chatham College Woodland Road, Box 11 Pittsburgh, PA 15232. I would also like to say thank you to you and the members of the ARRB for undertaking such a daunting task. I have been following this case with much interest for many years. It is most unfortunate that the American public will probably never really know the extent of the CIA's and FBI's involvement in the assassination, or how both agencies corrupted the findings of both the Warren Commission and the House Select Committee on Assassinations. Both agencies feel they are above the law and do not have to follow laws as enacted by the elected representatives of the people of this country, regardless of the cooperation they pledge to you or the ARRB. Also, I'm sure you have received other requests from other interested parties pertaining to author Gerald Posner's alleged tape-recorded conversations with Drs. Humes and Boswell pertaining to the autopsy. I understand you have already taken both doctors' depositions, but I urge you to also get a hold of copies of Posner's tapes, if they actually exist. There has been some concern that Gerald Posner falsified some of his research when writing his book, "Case Closed," and the existence of the tapes would go a long way toward solving that mystery. Again, I sincerely thank the members of the ARRB for undertaking the truly herculean task of sorting through the mountains of papers and other records pertaining to the case. James P.
