Subject: JFK Assassination theory
HI:My name is JC Dillard.I'm new on the net but am trying to find someone familiar with or aware of any effort to investigate J.Edgar Hoover as a prime conspirator in theKennedy brothers deaths.The power mad Hoover, who was arguably the most powerful man in the U.S. tried to control the Kennedy's with the same dirt investigations he had used on other presidents. The Kennedy's resented him for many reasons and threatened to expose his warped sexuality. The insensed Hoover then brought about their deaths in an attempt to save his image and place in History as the greatest American, which he longed to be called.More fact: The powerful Lyndon Johnson was a very real friend of Hoover's, both public and privately. Some say he too had alterior motives...and the list goes on and back to Hoover. He could have arranged it in 1963.Can you tell me if/who investigated Hoover? His FBI didn't.Regards...JC Dillard
