Ms. Junkkarinen:1. We hope that the medical depositions will be available by the end of this year. We will make them available once we have completed that part of our work.2. We have received many suggestions with regard to relevant records that Mr. Posner and other private parties may possess. As a matter of policy, we do not give status reports on our efforts to acquire records. This policy is meant to ensure the most effective and efficient investigation of such matters. At the appropriate time we will give specific information on matters of public interest. In addition, as you are probably aware, all of our records will become a part of the JFK Collection. Thank you for your interest.Sincerely,Eileen A. Sullivan
