**Subject:** HEADS UP: REPORT COMES OUT 6/28 (fwd)  
 WITHOUT A BOARD SUCH AS YOURS - THIS IS WHAT WE HAVE BEEN AND WILL AGAIN BE UP AGAINST, AND WHY PEOPLE HAVE  
 so little faith in government:From the below (this sounds all too familiar):"The actual report will be classified  
 and will not be available to thepublic or to victims/survivors of human rights abuses. "Over 2,600 US  
 government documents are to be released the same day. Thesereportedly include documents from a range of  
 agencies, possibly includingintelligence agencies. However, it is expected that large sections of thedocuments  
 will be blacked out for 'national security' reasons, to protect'sources and methods', or for other reasons."-----

 Peace and Life in Guatemala URGENT\*\*URGENT\*\*URGENT\*\*URGENT\*\*URGENT\*\*URGENT\*\* The long-  
 awaited Intelligence Oversight Board report regarding theUS role in Guatemala will be delivered to President  
 Clinton thiscoming Friday, June 28. This is intended to be the Administration's definitiveinvestigation into the  
 role of US intelligence agencies inGuatemala. The investigation was initiated following revelationslast year that  
 a CIA "source", Guatemalan Colonel Julio Alpirez,was linked to the murder of a US citizen, Michael DeVine, and  
 tothe murder of Efrain Bamaca, the husband of US citizen JenniferHarbury. The scandal that developed  
 brought renewed attention toUS intelligence agencies' ties to repressive militaries. An approximately 60 page  
 summary is expected to be released to thepublic sometime in the afternoon on Friday. The actual report  
 willbe classified and will not be available to the public or to victims/survivors of human rights abuses. Over  
 2,600 US government documents are to be released the same day. These reportedly include documents from  
 a range of agencies,possibly including intelligence agencies. However, it is expectedthat large sections of the  
 documents will be blacked out for'national security' reasons, to protect 'sources and methods', orfor other  
 reasons. The Intelligence Oversight Board's mandate in this investigationwas, in many ways, narrow. Yet, the  
 text of the full report couldshed light on many troubling aspects of this issue and could beextremely valuable  
 to the fight against impunity here and inGuatemala. Therefore, we must vigorously condemn the fact thatthis  
 report is being kept from the public, and we must continue ourdemand for the complete declassification of all  
 governmentdocuments relating to human rights abuses in Guatemala since 1954. SUGGESTED ACTION: Use  
 the media, including talk radio, to raise questions aboutwhether the protection of "sources and methods"  
 really serves ournational interests, particularly when such "sources" may havecommitted crimes against US  
 citizens and/or Guatemalans. Continueto demand complete declassification. Make the point that for Clinton to
