Subject: Fwd: Garrison 1978 phone call on tape
Dear Mr. David Well and Mrs. Sullivan -- I am forwarding the following post from the jfkshare listserve for your attention. It refers to a tape recording made in 1978 of a conversation with Jim Garrison. Since the recording raises many interesting questions, I was certain you would like to A) know about it and B) gather what documentary evidence you can about it. Let me know if I can be of any further assistance. Thank you for all you've done, Garby Leon (PhD Harvard University)----- Begin Forwarded Message

Subject: Garrison 1978 phone call on tape
Status: UI recently received an audio tape of a phone conversation, recorded in 1978, between an unidentified someone in the media and Jim Garrison, in which they discussed the HSCA, Prof. Blakey, and the New Orleans investigation. The media guys main concern was getting the word out that Blakey was a cover-up artist. I am asking for help in answering some important questions raised by this tape. In keeping with my policy of full disclosure in the pursuit of truth, I am sharing all I know about this, as I will about any JFK docs I have or research I have done. I only hope someone else out there has, and will volunteer, the "rest of the story" so to speak. I got this tape from Mike Ray, a long time researcher from Grand Rapids, Michigan, who is providing a service to the research community by making available his collection of JFK audio tapes at a very reasonable price. He recently circulated an electronic flyer on the internet. If anyone is interested I will upload it. There are some VERY significant things on this tape, the most important of which I will now describe:

TAPE SUMMARY & TRANSCRIPT
Garrison stated in this taped phone conversation that the HSCA investigators had come to New Orleans and made significant progress, beyond what he had made, in uncovering evidence of a conspiracy to murder President Kennedy. The media guy (X) was talking about how some of the people on the Committee (i.e. Rep. Dodd) had said that they had seen no evidence of conspiracy. Garrison became quite agitated:
G: They have meetings in which they're discussing the assassination!
X: Pardon me?
G: They have meetings in which they're specifically discussing the assassination! With Shaw and Ferrie present! Details!
