Subject: Connick

Dear Eileen,I have been following the events in New Orleans concerning yourselves andHarry Connick Snr for sometime and have written about it for a researchjournal in the UK. I am about to update any changes in the next journal andwas wondering if you could let me know what the latest situation is?The last I heard was that Connick allowed a group of board members down toNew Orleans to view the documents to see if they would accept copies insteadof the originals. Once a decision was made they had to report back to JudgeLivaudais in New Orleans.Also, I know that the business with Gary Raymond and Richard Angelico isreally nothing to do with you, but do you happen to know what is happeningwith them?It would be appreciated if you could help with information on any of the above.I thank you for your time.YOURS SINCERELYJUSTIN BOWLEY
