Thanks for the report on the Boston coverage--sounded great!! missed all the networks last night, but saw it on DC News Channel 8 (we were mentioned as having obtained the film and releasing it to the public.) I know stories also aired on CNN, and the local DC CBS news. A woman from White River, VT called and said she'd seen it several times this morning. I will contact Rene Roberts for a complete list. Did you see Jack on MSNBC this morning? David and I went to the studio so I got to see it all as it happened. Ann Curry really focused a lot on the film, what Jack thought of it, how it struck him, as opposed to who we are/what we do. I hope all went well on WABU this morning. I'll let you know if I hear anything else about coverage.p.s.-- on the coverage I have seen, the dupe copy of the film looks really good.
