Dear Ed:For some reason my E-mail stops at www.crocker.com every message, unless I send it from Out going messages.Red the item on O.J. I personally don't believe in a conspiracy in O.J.'s case, unless the CIA brainwashed him during the movie taping to kill his wife. I do believe that the CIA has been involved in the conspiracy to have the entire nations attention focussed through their media connections on this case.Guest what O.J. and George Bush have in common? Both are golfers and friends with Arnold Palmer.There is the conspiracy. O.J.'s case is a distraction, no way on earth could he have been framed. Brainwashed yes, maybe. I found it very interesting that O.J. answered the intercom by saying "I just woke up and got out of the shower." He doesn't know the crime had been committed if he was innocent and then changed his story to chipping golf balls. Not with Arnold, but maybe with George Bush. No question that this Bush was on the Grassy Knoll.Bruce
