THIS ITEM WAS POSTED ON BRUCE'S NEWS OVER THE WEB AT 11:55, JANUARY 12, 1996, DUE TO GO OUT ON MONDAY, ANY
suggestions?Re: Clinton's ties to smugglers with explosives and his cover-up of GeorgeBush's ties to JFK
assassination and George de Mohrenschildt.To the Editor and Press Release: The Monterey FBI, Santa Cruz
Police are not interested in lookingat the possibility from me that the Federal government may have been
behindthe December 23, 1996 bombing of Jack Jacobson as a distraction. Two days before on December
21,1996, Bill Clinton says he does notknow about White House coffee guest in February, 1996, Wang Jun's
companywas smuggling weapons and explosives through the company Poly Technologies.Also involved were
Santa Cruz County residents Richard and Ching Hua JeanChen, Hammond Ku and Wei Lin Huang. In May of
1996 the Clintonadministration told the Associated Press that they had requested theassistance of the
Communist Chinese government. Poly Tech. was roused byClinton's men in May? Is Clinton being set up by
Bush, militiamen, theCommunist Chinese or by his own CIA? One thing is certain, Bill Clintonhas known before
he was elected President in 1992 about George Bush'scharacter and association with de Mohrenschildt. Why
is going out of hisway to protect Bush's reputation? I was on national radio four times in November and was
quiteoutspoken on Bush, Henry Kissinger, LBJ's ties to Oswald's Closest friend,George de Mohrenschildt.
Without boasting, I sold more books at the threeJFK Assassination conferences than any other researcher.
Because thisauthor has a current lawsuit against the CIA for missing CIA documentsunder former CIA Director
Bush's care, but the Federal agents don't want totake a report. A week before the bombing, I was being
followed by agovernment car with a radio less than a block from Jack Jacobson's lawoffice and I almost ran
into a government car in the rain later that sameday two blocks from Jacobson's. Concidence? I don't know!
My research, pertaining to George Bush's ties to the JFKassassination was supported by Leon Panetta in 1992.
Former CIA DirectorBush has admitted that he has known de Mohrenschildt since 1942, yet failedto tell the
Senate when nominated as CIA Director nor when he signed intolaw the JFK Act into law which today is
spending 2 million a year of yourtax dollars. Bush also has ties to the man who shot Ronald Reagan and knewa
good friend of O.J. Simpson's, Arnold Palmer. Palmer is the nationalspokesman for Pennzoil, owned by Bush's
CIA-partner Hugh Liedtke, in thecorporation of Zapata-Offshore Oil. We can all be happy now that
JoeMontana and George Bush are being paid a small fortune to speak in San Joseon January 30th, 1996. What
can we expect to happen then when Bush hasbeen surrounded by so much mayhem.Bruce Campbell Adamson-
