Subject: Acoustic evidence
Ms Sullivan; you were recently contacted by Martin Shackleford or Jack Whitewhile I was a fellow subscriber on the research@weberman.com list. He copied me on a message he sent you regarding an audio tape recording I have that I believe has the sound of the shots fired on the presidential motorcade in Dallas on 11/22/63. I have been trying to find a way to get this tape authenticated, and possibly compared with the Dallas Dictabelt, in the hope that they may support each other, and offer a triangulated point of origin for the gunshots. I do not wish to get a lot of fanfare started over this tape before it is authenticated, and I would prefer at least until a plan is established, to retain some anonymity. I would appreciate your input or suggestions on this matter, and ask that you direct them to my E-mail address, AlecHidell@aol.com (yes, I agree it's corny, but it is at least appropriate for the time being.) Alec
