REVISED January 20, 1997 ---NEW WEB DOMAIN NAME FOR BRUCE ADAMSON CIAJK.COM/RE. RON BROWN and Clinton's ties to smugglers with explosives and his cover-up of George Bush's ties to JFK assassination and George deMohrenschildt. Letter to the Editor and/or press release: The Monterey FBI and Santa Cruz Police do not want to look at even the possibility that the Federal government possibly may have been behind the December 23, 1996 bombing of Jack Jacobson. Why and if so what about all of the other bombings? Just two days before this tragedy on December 21, 1996, President Clinton (whom I voted for) declared he did not know in February of 1996, about White House guest Wang Jun, whose company Poly Technologies was smuggling weapons and explosives. Also involved were Santa Cruz County residents Richard and Ching Hua Jean Chen, Hammond Ku and Wei Lin Huang. In May of 1996 when this group was arrested the Clinton administration told the Associated Press that they had "requested the assistance of the [Communist] Chinese government" in order to get to the bottom of this explosive controversy. President Clinton was entertaining Wang Jun in February of 1996, surely then he was already at the bottom of it! For Poly Technologies was roused by Clinton's ATF in May. While at the White House Wang Jun on Feb. 6, 1996 met with Ron Brown, Secretary of Commerce and either blew-up or was shot down in Yugoslavia. We have never gotten the story from the government as to why 16 high ranking army officials were fired over this mishap. I have scratched my head a thousand times and cannot figure out how this plane remains scattered over 17 miles when it ran into a mountain circa April 3, 1996. Is Clinton being set-up by militiamen, the Communist Chinese or by his own CIA and is there a question of character? One thing is certain, President Clinton has known since 1992 about George Bush's association with Lee Harvey Oswald's closest friend George deMohrenschildt (CIA-agent), this friendship began fifty years ago in 1942. Not once did Clinton bring it up during the campaign against Bush, while receiving a barrage of character issues from President Bush. Why has Clinton gone out of his way to protect the reputation of George Bush? On November 5, 8, 21 and 22, I was on the Talk-America Radio Network which has a syndication of more than 300 major cities. I was then quite outspoken on George Bush, Henry Kissinger, LBJ's ties to Lee Harvey Oswald's closest friend, George de Mohrenschildt. Three days after my second interview, Henry Kissinger, Senator Charles Robb (LBJ's son-in-law), CIA Directors Richard Helms and James Schlesinger met in Washington D.C. Without boasting, my books sold out at the three JFK Assassination conferences in Dallas and Washington D.C. Currently I have a FOIA lawsuit, Adamson vs. CIA, C-95-20549 RMW, the honorable Ronald Whyte (appointed by President Bush District Court Judge for San Jose) has ordered the government to serve the CIA while I proceed Informa pauperis against the CIA for missing between
