NEW DOMAIN NAME. CIAIR.COM FIVE BOOKMARKED FORT WORTH STAR NEWS JFK TORUM VOLUME VIII IS DONE. Oswald's Closest Friend; The George de Mohrenschildt Story. Volume VII will be some time. I will send out to those who have ordered it this week. Andy in Williamsport has ordered 15 copies already. it has loads of photographs all before 1941. Martin: I have received a couple of complaints about sending Email, having them on the chain. Some people will not understand the importance of sending a chain letter. Myself being retired from the U.S. Postal Service, I never dreamed of being able to send 20 letters to 20 people simultaneously without having to put a penny on as postage. From now on I will try to restrain myself. I can understand how some people would get upset that Hillary was having her dress designed by Oscar de la Renta, a friend of Oleg Cassini. It was true but it was more a tongue and cheek sort of thing. I spoke to Igor Cassini, and I could never say an enough things about him. He is a great guy, I don't care if de Mohrenschildt was his friend or not. He is extremely funny and anyone would stick up for the guy, through thick or thin. My research has been hard on Igor, but it is honest and he has said so. He told me that he visited with Giovanni Agenelli a few months ago. I sure hope he didn't show him my book, but I feel he did. Agenelli and Bush, I think are members of that Rome Club and that New World Order. The latest news worthy news is that Mary Bancroft died two days ago in New York City. I am interested in obituaries for I have uncovered more information on Bancroft and the Bush ties. Have increased Volume VI by fifty pages just on Allen Dulles and am waiting on material. On early morning radio out of New York it said that she dated Henry Luce and Allen Dulles and that she partook on the assassination plot on Adolph Hitler. They forgot JFK. I have a solid Henry Luce, Rockefeller and Mohrenschildt connection. Too hot it's sizzling. Judge Ronald Whyte of the San Jose Court refused to release Mary Bancroft's papers at the Harvard University Library, Radcliffe College, even though Mary Bancroft donated the papers to the Library. She worked for both RFK and JFK. Hot stuff. Is there anyone out there whom wants to write to Judge Ronald Whyte (appointed by President George Bush) and express consideration please do so Regarding Bruce Adamson vs. CIA Director, C095-20549(RMW) U.S. District Court for the Northern District of California The Honorable Ronald Whyte, 280 South First Street San Jose, CA, 95113 Issues are that the Court should release not only Mary Bancroft's Papers at the Radcliffe Library, but also Adamson has served two subpoenas on the George Bush Library to release all records on the CIA, Zapata Off-Shore Oil and Zapata Oil, Permago Oil, missing proxy cards, and Acoustron Senator John Tower was helping Bush get special treatment. I have not heard from the Library, but Bush is due to speak on January 30th when the subpoena gave him the dead line of January 29th. So far I have nothing will prepare a Motion soon.
