REVISED FROM CLARK.COM TO WHOM IT MAY CONCERN: January 24th 1997, militant Texas separatists talk up revolution so says George W. Bush, governor of Texas. Is this story merely a distraction to make George Bush Jr. look good and that he is not worried about events in Texas? Believe me there are many distractions coming out of Los Angeles, when I brought up the fact that George Bush was tied to the Crime and Trial of the Century, I did not want to imply anything crooked about Arnold Palmer who was friends with O.J. Simpson and George Bush. Arnold Palmer is a very likeable fellow, he was my father's favorite golfer, but it cannot be argued that he has worked with Hugh Liedtke as the national spokesman for Pennzoil. We all know that Liedtke and George H.W. Bush were partners in their CIA Zapata Offshore Oil company. Would you like to read the letters this author has in Vol. I of Oswald's Closest Friend; The George de Mohrenschildt Story. One must question the entire process of O.J. Simpson's making the movie Frogman. I have always believed that the circumstantial evidence was too strong. Was the idea of murdering his wife planted at this time? Regarding Brian Kato Kalin's attorney Michael Plotkin being the same Michael Plotkin in 1963 who owned the property of the de Mohrenschildt's when they lived on Dickens Avenue. The attorney looked as if he may be 50 years of age on Geraldo Rivera's show the other day. In 1963 he would have only been about 18. If so it is unlikely the two are the same, unless this man is the son of the other Michael Plotkin. Mrs. George de Mohrenschildt the third, Dr. Wynne Sharples is very close to Michael Plotkin who is the one experimenting with plants and their effects in South America. Another interesting connection is that when the criminal trial of O.J. Simpson was taking place in Los Angeles in 1995 I made contact with Robert Tanebaum (spelled with only one n) and he showed no interest in my research with George de Mohrenschildt. Mr. Tanebaum was on the side of lynching O.J. Simpson and was quite enthusiastic on either channel 9 or 13. I personally believe that O.J. was guilty, but wonder about who was behind the amount of publicity it got. You will notice the new stories which the media is beginning to run with now that O.J. is over. Whose behind them? Getting back to George Bush and George Bush: Two weeks before de Mohrenschildt's suicide on March 29, 1977, Lee Harvey Oswald's roommate Billy Joe Lord (on board the ship to Russia in 1959) filed an FBI complaint against Edward Epstein, his assistants H. Hurt, Pamela [?] for threatening to go to Lord's boss George W. Bush in Midland Texas. Hurt told Lord that if he did not give an interview Hurt was told to talk to George W. Bush, the son of the CIA Director. Billy Joe Lord said he felt that the CIA was attempting to harass him and may have been behind his apartment being burglarized. Edward Jay Epstein had no idea that Billy Joe Lord would file a complaint with the FBI, when his apartment was broken in to nor did Lord know that Edward Jay Epstein would be the last person to interview de Mohrenschildt before
