In November 1996 we corresponded about a letter from Joseph Scovitch. Henamed individuals who may have altered the JFK photos or X-rays. Has anyonefollowed up on this yet? Do we know if the named individuals were governmentemployees at the pertinent times? B. Over the years, there have been reports of autopsy photos (and possiblyX-rays) that are not in the current National Archives collection. I haverecently heard this again from what would appear to be a highly reliablesource. Has anyone within the National Archives been asked about this underoath? If not, it would be useful at least to have a negative reply to thisquestion on the official record. C. About a year ago I corresponded about several individuals who hadobserved the JFK autopsy. Can you tell me if any of these have been deposedby the ARRB yet? 1. Dr. Larry Dickson Dept. of Pathology University of Kentucky Lexington, KY 40536 606-233-5425 2. Jerrol Custer 3. Dr. Robert Frederick Karnei
