Kemp's addressis:106th fsb,cmr#475 Box 368,apo ae 09036We also had several other questions, that I was hoping you might answer.1. Was J.D. Tippit's murder ever investigated beside to say that Oswald was theshooter? Was Tippit's background investigated to checked for links to anyoneelse involved in the case?Did Tippit have any radio communication with the police station immediatelyprior to his death?2. Are there any copies of FBI telex that warned of Kennedy's assasination leftundestroyed. Did any of the offices keep it despite their orders to destroyit?3. Did anyone ever trace the ambulance or the driver of the ambulance that tookthe Epileptic from Deally Plaza?4. Where was Oswald buried?5. Does the review board have the ability to exhume Gov. Connely's body tocheck the fragments in his wrist and compare them to the magic bullet?6. Did LBJ ever testify about the possible involvement of the government in theassassination or the cover-up?7. What was the official reasoning for putting the media vehicle so far behindthe president's convertible? 8. Who changed the route? Who had the final say in sending the presidentthrough Deally plaza?9. Who has Jackie's diary? Does the board have the ability to suppoena herdiary?10. I am not sure you are allowed to answer this question, but do you feel inyour personal opinion, not speaking for the board or the government of theUnited States, that there was a conspiracy to assassinate the president, or wasit a lone nut?Sincerely,PFC Matthew BaileySGT Paul Kemp-----Get Your *Web-Based* Free Email at <http://www.hotmail.com>-----
