Subject: Reasons why Bill Clinton is falling down, I would too!

NEWS FLASH From ciajfk.com To all interested parties: FINALLY, The Washington Post reported today on Wang Jung. They by passed the CIA's distraction: Huang Jun, which was and did only meant to confuse the public. Wang Jun who ran a Communist gun smuggling company which could get para-kett missiles was written up in the Washington Post today. Large article. Wang Jun says he is good friend of two of George de Mohrenschildt's friends, Henry Kissinger and George Bush. Gordon Liddy says he is going to crash the last Warren Commissioner's bash at the Gerald Ford Library on April 17, 1997. George Bush and Jimmy Carter are going to be fending off Liddy in the Watergate controversy. Ron Bron and Bill Clinton had him as a guess on Feb. 6, 1996 for coffee. Two months later Ron Brown. Adam Darling of Santa Cruz, California was onboard with Ron Brown. Important for two of his employees from Santa Cruz County were arrested with explosives and guns. Same type of weapons were used in shooting in San Diego California a few days ago. On Dec. 21, 1996, Bill Clinton says he does not know the Chiense gun smuggler Wang Jun was a gun smuggler when he visited the White House on Feb. 6th. Yet in May of 1996, Bill Clinton contacted the Chinese Government and said he was going to get to the bottom of Wang Jun's company. He apparently fell to the bottom. Two days later on Dec. 23, 1996, Sant Cruz County lawyer Jack Jacobson, who lived with friends of this author's family received a Christmas package which blew off parts of both hands. This author complained to the FBI and the Santa Cruz Police without any sort of response. This author knows one of the officers of the Santa Cruz bomb squad and spoke to him last week about the bombing. The officer felt it was personally and after I spoke to him, he said that "stranger things have happened." The most important thing that the Washington Post reported was that Wang Jun was a vistor at George Bush's White House and was a "good friend " of Henry Kissingers. This all adds up to the Indonesian connection, George Bush at his Candian Barrick Company is attempting to get 90 ounces of gold ouf ot Indonesia, while Bill Clinton has an army of supporters. Everyone has heard that the Communist Chinese have moved into San Diego and their weapons where being smuggled and used in San Diego. I have not spent alot of time trying to be cute with this imformation, but just want to, like I have always wanted to do, get the truth out. Respectfully yours, Bruce Campbell Adamson ru4ciajfk.com
