Subject: Hosty's Notes
Eileen -MANY thanks for forwarding me the copies of Agent Hosty's handwritten notes last week Although they're brief, I found them engrossing...I know many thousands of pages of documents have passed through your offices on the assassination, Eileen. But these simple notes - to me -are a little different from most of the rest: They were probably written as Lee Harvey Oswald was in the same room with Agent Hosty on the day of the assassination. I know you are extremely busy - but did you get an opportunity to "feel" the awesome nature of the service you are performing as you saw these handwritten notes from that day in history? The work you and your staff are performing is sincerely appreciated.-Clint Bradford ATTENTION to Details 5085 Trail Canyon Drive Mira Loma CA 91752-1685
