Subject: Mark Lane and Zapruder

Body:

from ciajfk.comTo Whom It May Concern:This author has uncovered some important evidence tying Mark Lane to animportant indirect links to the Paine & Young families, before the JFKassassination. This evidence is extremely incriminating for themathematical odds that this group of individuals being tied together beforethe event is large. Material will go immediately into vol. VI. As agenealogist I have learned that timing is everything.Vol. VII will be finished next week and go will be available.Mark Lane represented Larry Flynt when he offered the million dollar rewardin the 1970s. Larry Flynt was shot shortly thereafter.Mark Lane like Isaac Don Levine represented the Oswald family.Mark Lane represented James Earl Ray, Ray's other attorney Percy Foremanhas ties to a de Mohrenschildt associate.Mark Lane represented the kool-aide bunch from Jones town People's Temple.Louis Sproesser cites the Neew York Times as Mark Lane having representedMark Hinckley. One won't find some of these items on Lane's resume.When I posted these findings before, some JFK researchers from SouthernCalifornia warned me not to talk about Mark Lane's involvement. Iresponded that this was a free country and I had not said anything that Iknow to be false.Someone should tell the Review Board that Bruce Campbell Adamson feels thathe may have enough evidence to prove that the Zapruder filming was stagedshooting just like the JFK assassination. If so they don't have to pay theZapruder family a cent,instead the can purchase my research for a hell of alot cheaper.Without mentioning names many JFK researchers are pro-JFK Review Board, Iam not. I still feel that the cover-up continues.Jux-a-positionYours truly,Bruce Campbell Adamsonru4@ciajfk.com
