**Subject:** Correspondence Anecdote for Jack's Testimony  
E- Please do not spend a lot of time on this, but if a correspondence comes to mind that articulates a citizen's interest in seeing the assassination files released or compliments the Board on releasing records to date, please let me know. I was hoping to personalize Jack's testimony by saying something like:A letter the Review Board received from a doctor in East Osh Cosh, Wisconsin summed up the importance of the Board's work to the American public. This citizen said 'The release of assassination records by the Review Board has raised the confidence that I have in government. After keeping too many secrets for too many years, I now believe that my government is serious about releasing all of the records it possesses on the assassination of President Kennedy. Although we may never know the truth, at least we know that the secret is not locked away somewhere in a government safe.I got a little carried away there, but you get the idea. Maybe something comes to mind.Thanks.T
