Subject: J. Lee Rankin papers

I received the selected samples today -- thank you! Most interesting. I wonder if the ARRB has selected samples still available from all previous releases -- and, if so, could I request them? Does the ARRB offer for sale any of the released documents -- and do you have a master list of available documents -- or, rather, highlight lists of the batch releases? Any information you could provide for me to start my attempt to collect some of the documents would be appreciated. Regards, Cheryl JFK Resources
