Subject: McCloy

Ms. Sullivan:A huge thank you for the items you recently sent to me.I've just become aware of a McCloy document, recently released by theARRB, regarding the Single Bullet Theory.Can you please forward information on this document...how many pages,how I may obtain it quickly, etc:Quote on --By Michael Dorman. SPECIAL CORRESPONDENT, Newsday (8/11/97) A Warren Commission member expressed serious reservationsabout one of the panel's more controversial conclusions, the theorythat a single shot wounded both President John F. Kennedy and TexasGov. John Connally, a long-secret document has revealed. The"magic-bullet" theory was essential to the commission's conclusionthat Lee Harvey Oswald was a lone assassin.[...]The document recently released by the U.S.Assassination Records Review Board - which screens Kennedyassassination documents and releases those that will not endangernational security - also contains many other suggestions by McCloy onrevising the draft report.[...]Quote off --Many thanks,Cheryl OverfieldJFK Resources Online<http://users.southeast.net/~cheryl/jfk.html>
